

"Forge thy tongue on an anvil of truth, and what flies up, though it be but a spark, shall have weight." --PINDAR

By Burnis K. Lawrence

COUNTY OFFICIALS

. . . and the County hired help were happy with me for a short while last week until they found out I can't read a budget.

Yep. I wrote my story on salary increases from the wrong column in the budget Judge Jerome Decker gave me. So, after I stop blushing, I'll say you'll find the true story (I hope) in this week's paper.

THE SPEED TRAP RHUBARB

. . . goes on and on in Hondo, with more and more people taking sides, pro and con, about the city gaining a wide-spread reputation of being a speed trap.

Some of the out-of-town reports bearing

One man told me he was in Del Rio and heard the announcer on the Del Rio radio station say, "Motorists, take care; the radar's working in Hondo."

Another told me an out-of-state driver stopped in D'Hanis to make some purchases (small) because of the reputation in Hondo.

There are grumblings from someone in Bandera and Uvalde.

The Funny Thing

But to me the funny thing (and I use the word funny correctly, because it makes me laugh is that most of those who are griping WERE SPEEDING; they admit it.

Some of the heaviest gripes come about getting stopped west of town near the curve. It seems that the offenders -- on both counts, speeding and yelling speed trap--haven't put their wheels down for a safe landing as they make that curve and they feel like they should be given another mile before

Maybe they are right and the limit should be raised in that area, but then some kind of traffic light would have to be installed at the Airbase intersection for it would then become twice as dangerous.

It's A Shame

I think it's a shame that our policemen and our city is getting a bad name because some automobile jockeys want to break the law, but then gripe to high heaven when they are taken to task for it.

The speed limits through the entire city of Hondo are set by the Texas Highway Department, after careful study. The City does not have the authority to set speed limits on a through highway. But they can request the Highway Department to make a new survey.

This is the way I am told by C. E. Hackebeil, resident engineer for the Highway Department, that such a request would be carried out:

"The Department would send a survey team in here equipped with radar units. They would test, at random, the speed of a given number of cars at various locations from one city limit sign to the other. Then the speeds at each location would be averaged and the speed limit there set at 80 percent of that average."

Alternatives

Now the City Council could make such a request from the State and as a result of a new survey perhaps some of the speed zones would be raised.

Or they could forget about all the school kids crossing the highway and instruct the City Policemen to completely ignore all vehicles traveling along Highway 90. This would allow passers-through, as well as local speedsters, to make a race track of the thoroughfare through our city.

Of course, we must remember that with this approach, the next cry by these people would be to eliminate the two traffic lights at Avenue M and Avenue K. You know that would slow them down in their pellmell dash to get somewhere a few minutes

County salaries different

Total salaries for elected Medina County of ficials are less than those listed in the Anvil Herald last week, a review of the county budget reveals.

Correct figures on both the present salary and the salary approved by the Commissioners Court reads:

County Treasurer, from \$7800 to \$8681; County Clerk, from \$7800 to \$8681; County Tax Assessor-Collect or, from \$7800 to \$8681; County Judge, from \$7800 to \$8681; County Attorney, from \$7800 to \$8681; County Commissioners, from \$7653 to \$8519; County Sheriff,

The budget prepared by the auditor is in error inasmuchas it shows under salaries a total of \$4620 for a secretary for the County At-

That figure is a total including some \$225 per month the county will provide for the secretary and equipment and supplies.

The new County Attorney. Allen Lee of Devine, has agreed to move his office to the Courthouse. He will serve the county from there and will continue to handle private business. Lee will have to provide the remainder of his secretary 's salary above \$225 per month.

Harvest over, producers get ready for next year

BY GLENN BRAGG Medina Co. Extension Agent

The 1972 Corn and Grain Sorghum harvest has been completed in Medina County and producers are preparing their land for next years crops. County yields ranged above average in most areas of the county, according to Glenn Bragg, County Exten-

sion Agent. Results of the various result demonstration test plots

have been calculated and now available in the County Extension Office. The results will be printed in the 1972 Result Demonstration Handbook and distributed to growers and interested persons in

During the July Medina County Crops Tour, the persons making the closest estimate of the highest yielding Corn Variety and Grain Sorghum variety were to receive a \$25 Gift Certificate from

Letters from the mailbox

Dear Friends:

We in the Texas State Teachers Association believe that 1972-73 will be a year of decision for Texas public schools like we have never seen before.

When the 63rd Legislature convenes in January, it could be the start of the most important legislative year in the history of Texas public education. The courts have mandated major revisions in the way our schools are financed. This will bear directly on the quality of public education in every town and city in Texas, yours included.

TSTA will be working this year to help make sure that whatever changes are made in our statewide public school system will be a stride forward to educational improvement; not a slide backward

ganizations have proved themselves to be among the leading supporters and advocates of better public schools. We appreciate the work you do every day to keep Texas people informed about their schools.

Sincerely yours, L. P. Sturgeon

TMA Members Call For Welfare Reform

Austin, Aug. 31 - The Pub-Association has called for a reorganization of the State Department of Public Welfare and for a comprehensive study of the state public welfare system.

TMA recommends that the State Welfare Department be reorganized so that the Governor of Texas may be directly responsible for the administration of public assistance programs. Accordingly, the Legislature should adopt public welfare reforms which empower the Governor to appoint an adminis-trator of the Department of Public Welfare, and the present three man Commission should be abolished.

The TMA Committee also recommends that the Director of Public Welfare should serve at the pleasure of the Governor and that the Director should seek gubernatorial approval for all program and finance policies.

hensive study of the Department of Public Welfare. The and program relationships, existing welfare laws.

'Highways Help People

AUSTIN -- More than 80 percent of Texas' 3, 176 miles of designated Interstate Highways are improved and open to traffic.

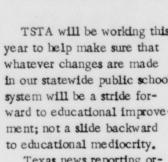

According to a report by the Federal Highway Administration, Texas had 2, 525 miles of the Interstate system under rubber on June 30. That is more miles than any other State will have when the system is completed in the late 1970s, California, the second State in designated mileage, had 1,941 miles of its 2, 288 system complet-

The system already is paying big dividends. Travel is proving to be twice as safe on Interstate Highways than the old travel facilities they replace.

While the benefits in safety and convenience derived from better highways are readily apparent, economic benefits often are overlooked.

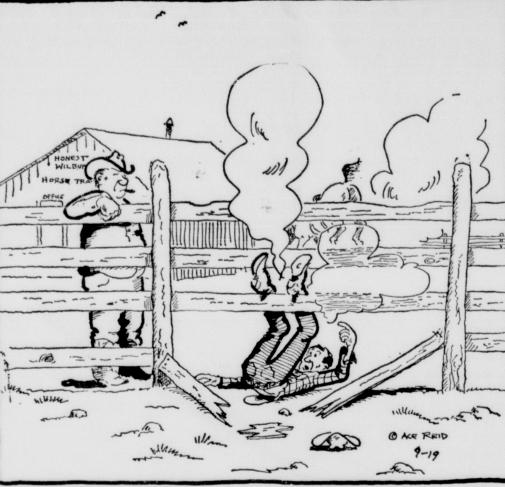

Economists estimate that the highway users will have saved \$37 billion more than the total cost of the system by the time the network is finished. That does not in clude real savings in travel time for drivers and passen-

Special Week

COW POKES

Honors local organizations

This is the week (September 17-22) to recognize the Young Farmer and Young Homemaker in Hondo. It was so proclaimed by Mayor George

What do these organizations do to be recognized?

The Young Farmer Chapter consists of young men mainly between the ages of 18 and 36 who are actively engaged in farming, ranching or agribusiness. The State program is organized through the vocational agriculture program in the public schools for the purpose of providing continued educational opportunities for young farm families in a complex and rapidly changing business. Young Farmers, while working in their chosen agricultural careers, carry on many chapter activities designed to improve their communities, state and nation. Capable and welleducated rural leaders are being developed and good citizenship is being promoted.

The Hondo Young Homemakers consists of young women under 36 years of age who are not enrolled in school and are interested in homemaking. Organized through the home economics program in the public schools, the organization contributes to the development of those qualities necessary in becoming w orthy homemakers and citizens. Playing a distinct role in the stren strengthening of home and family living as a basis for our American way of life, the Young Homemakers work through their program to develop their knowledge and skills for effective leadership in the home, community and nation. Local area and state projects and activities emphasize education, cooperative and community service, leadership, group recreation, inspiration and consumer knowledge.

By Ace Reid

Mayor Brucks recognized the value of these two organizations when he said that "it is appropriate that a time be set aside in Hondo for recognizing the contributions the Young Farmers and Young Homemakers are making to our community, state and nation, and to encourage these young men and women to continue their work."

Texas Highway Week

Points up high costs in building urban arteries

Texas is still a rural state as highway mileage goes, in a 90-10 ratio. On the other hand, citydwellers outnumber country people about 80 to 20. It follows that there are more automobiles, by far, in the urban counties. The 10 leading counties in population (Harris, Dallas, Bexar, Tarrant, El Paso, Travis, Jefferson, Nueces, Hidalgo and Lubbock) had 52.3% of the registered motor vehicles as of March 31, end of the registration year. That left 47.7% for the other 244 coun-

Using construction money as a measuring stick, city and country roads fare about the same in Texas. It costs a bit more than half the available funds to build 10% of the roads. That includes the Interstate's 2,937 miles (a little over 4% of the total completed mileage in the state system), which are the most expensive of all.

Urban freeways, Interstate and otherwise, must serve a triple purpose. They are heavily loaded with local traffic because they are usually the principal business streets. In addition "through" traffic uses the freeway as the most direct route through town or as a bypass route. And a freeway will almost surely be an important link in any city's bus

transportation system.

Further adding to the expense are difficult engineering problems often encountered in forcing a broad freeway through an already thickly populated area. Overpasses, underpasses, interchanges and various other costly devices are necessary to separate or knit together the assorted uses of freeways. Meeting the wishes and objections of neighborhoods can get expensive. The cost is often almost extravagantly high.

Topping off the freeway package is right-of-way cost. Often expensive land, buildings, businesses and homes have to be taken. Fair compensation must be paid the owners-and something more, courtesy of federal regulations. Occupants and owners of property displaced by a highway must have an opportunity to relocate in an equivalent area. The typical cost of relocation is figured at \$25,000.

Thus it is not surprising or unusual for city freeways to cost \$15 million a mile, or even more. And it costs an average of nearly \$10,000 a mile to maintain and service them.

As Texas celebrates Highway Week September 24-30, heavy emphasis will be on urban highways-where quality costs more, but serves

Gov. Preston Smith, as had been long reported, summoned legislators back to Austin Monday to consider competitive insurance rates and strengthened budget controls for the governor.

He spelled out his recommendations in a joint session of the House and Senate.

While he has indicated he will battle to put his recommendations across, Smith said he has no plans to call more than one 30-day special session.

On the other hand, he is reluctant to open the session agenda to permit consideration of other matters until the competitive rating bill has been disposed of.

Smith said he considers as the most important step toward insurance reform and consumer protection replacement of the system of ratesetting by the State Board of Insurance with a competitive rate system.

Insurance companies reportedly are pretty well divided on the competitive rate issue. They defeated a similar proposal last year.

MONEY NEWS GOOD AND BAD--Legislative budget writers received some good news and some bad news just before they headed into the new special session:

* Next year's tax bill may not be nearly as large as many had feared, due in part to federal revenue shar-

• The federal government may force the legislature to make a \$50 million emergency appropriation early next year due to sharp limits proposed on new "social services" aid to welfare recipi-

· Legislative Budget Board Director Tom Keel told board members lawmakers likely won't face "a severe tax problem" in 1973 unless spending runs "inordinately high".

Keel and Lt. Gov. Ben Barnes at the same time pointed out that Congress is expected to cut back on the welfare assistance which was relied on to balance the current state budget. The loss of federal money may run 40 percent of the anticipated \$124 million over the next five fiscal quarters.

Both Barnes and Keel anticipated passage of a \$90 million (for Texas) revenue sharing bill by Congress. Predictions of a small new tax need do not take into account possibility of the state's having to assume the entire cost of public school educa-

AGRICULTURE RECEIPTS \$3, 25 BILLION -- Texas' total cash receipts from sales of crops and livestock during the last year totalled \$3, 25 billion, Texas Agriculture Commissioner John C. White re-

Only California and Iowa have higher cash receipts.

Hidalgo County in the Lower Rio Grande Valley had the highest returns of all Texas Counties -- \$117.3 million. Deaf Smith County in the Panhandle west of Amarillo was the only other to top the \$100 million mark. Its receipts were \$103.36 million. Parmer, Castro, Hale, Swisher, Cameron, Lubbock, Hansford and Lamb counties were in the top 10. Livestock accounted for almost two-thirds of the total cash receipts.

Major agriculture production area is the irrigated High Plains with \$668, 1 million in receipts. The Blacklands rank second in cash receipts \$347.8 million).

CRIME RATE RISES -- In

the time it takes to read this item, a major crime may have been committed.

Texas Department of Public Safety reported recently a major crime occurred every minute in the state during the first six months of 1972. The semi-annual DPS Crime Report indicates the rate of major crime was 1.1 percent higher at the end of June than at the same point in

An estimated 233, 615 major criminal offenses occurred January-June this year -- an

overall rate of 4, 173 per 100,000 population. SHORT SNORTS

Texas employers have the lowest unemployment tax rate in the nation, according to Texas Employment Commission.

More about . . .

Sparks Continued From Page 1

earlier. And don't think this possibility is too far off. It hasn't been long since a formerly San Antonio Express columnist (Bill Salter -- now with the Kerrville Times) commented on the fact that the two lights in Hondo were the only stumbling block to through driving in going from Uvalde to

Another possible solution could be: The City Council instruct our patrolmen to pick every 10th car that was speeding. But here you have a big rub. That 10th driver would have a legitimate complaint on the grounds of discrimination. And let that 10th car be a local resident who was driving behind an out-of-towner going the same speed and it would be Katie-bar-the-door.

What Else?

So what else is there to do?

I say nothing except to keep on issuing traffic tickets to offenders.

Right now, the Hondo police stop no driver unless he is going 10 miles per hour over the speed limit prescribed for that zone. Now, don't you think that is enough leeway for an honest mistake?

And don't you believe if anyone is driving faster than that 10 miles per hour over the speed limit set by the State of Texas that he or she should receive a ticket?

I certainly do.

There is one suggestion I might make to the City Council and Police Chief Jerry Williamson.

Why not let each Councilman (or any one else who believes the police are wrong) ride in a patrol car for one day or night and observe the radar set closely for violators? I believe that once they saw how many drivers flagrantly disobey the law, they would be more prone to compliment the police instead of echo the cries of the speeders about Hondo being a speed trap.

SOME SHARPIE

. . . certainly caught me where it hurts a couple of weeks ago. They caught me in a

In fact they were able to rub salt in the wound by using the same line I used that week to call attention to someone else's mistake. It was the week I ran the picture of the sign at the roadside park in Castroville calling attention to misspelled wards.

So what happens? We run a picture describing Mrs. Pete Ulbrich and her young child at the Fireman's Carnival and wouldn't you know where the picture was supposed to be was only blank space.

And here comes this letter in the mail with that clipped out and typed in are the same words I used in the highway sign picture: "Color My Face Red."

The only thing I can say is: "Touche, whoever you are."

FACE CHANGING

. . . in Hondo can be seen almost every day. Some of the latest we have noticed include: . . . Jack Gruber's renovation of the old First Baptist Church building for a new drug store he says will open early in October . . . Medina Abstract doing a fine face-lifting on the building once occupied by United Gas . . . Jake Schuehle coming right along with the building to house the Texaco Distributor office as well as a service station on the corner of Highway 90 and Avenue M . . . several new houses going up all over the city.

The all-new Monte Carlo, the flagship of the Chevrolet fleet, is among the most changed of all seven Chevrolet car lines in 1973. Featuring beautifully sculptured side and rear-quarter metal, new grille, and an optional Landau or opera-type vinyl roof, the Monte Carlo is a styling classic. Many months of advanced chassis and suspension engineering work have given the Monte Carlo handling and roadability said to equal or surpass that of Europe's most expensive personal touring cars. Introduction date for all 1973 Chevrolets will be Thursday, September 21.

> See the new ones at Jack Winkler Motors this week.

Beef cattle course slated

Beef cattle producers in Medina County and the surrounding area are encouraged to attend the Medina County Beef Cattle Short Course on October 4, 11 and 18, 1972, according to County Agent Glenn Bragg.

The program will be held in the audio visuals room of the Hondo High School each Wednesday at 8 p. m. for three weeks. The short course is designed to provide information to producers that will make their operation more efficient and therefore, increase net income, according to Glenn Bragg, County Extension Agent.

On October 4, Dr. Frank Orts, Meats Specialist, Texas A&M University, will discuss Carcass desirability and ways producers can increase carcass quality. Carcass damage resulting from improper in handling, beef cattle grading, and selling on the rail versus selling on the hoof will also be elaborated on by Dr. Orts.

Speakers for the second Wednesday night session will be Dr. Richard Bjerregaard, Area Range Management Specialist; and Kenneth Graeber, Area Economist, both from Uvalde. The two specialists will talk about Deferred grazing systems; Low frequency, High Intensive Grazing; Brush and Weed Control; Economics of selling calves at 200 pounds, 350-450 pounds, and 600 to 700 pounds; Cost and returns from intensive irrigated Grazing Systems; and Value of Fertility testing bulls and Palpating Cows.

The third and final Wed-

nesday night program will be conducted by Dr. LeRoy Hoermann, Area Livestock Specialist, Uvalde. Supplemental feeding; Nutritional Requirements; Management Factors Affecting Reproduction; Pregnancy Determination; and Fertility Testing of Bulls will be the topics discussed by Dr. Hoermann.

The short course was

planned by the Medina County Range and Livestock Subcommittee to obtain the latest research information on Beef Cattle Production Range Management.

The session is open to the public and beef cattle producers should take advantage of this opportunity to learn how to improve their operation, says Bragg.

This week All she wrote by Edna McDade

The Autumnal Equinox, so I've learned, is scheduled to arrive on schedule at exactly 5:33 tomorrow (Friday, 9-22) at which precise moment the weather on our side of the Equator turns to Autumn. So, pay no attention to what the heat degree count says only don't turn off the cooling system.

For a special treat, we'll have Harvest Moon soon after sunset on Friday. I'll be watching for it to shine across the Bay. (And I'm not trying to steal Doc Taylor's thunder & lightning.) Equinoxes come between solstices, I read, and Friday thus marks the end of our summer which began on June 26 at 2:-6 a.m.

Now we must wait until Dec. 21, at 12:33 p. m. to greet Winter. And guess who'll be comin' round the mountain about four days later?

The RC & D story, promising "great benefits" (in last week's A-H) sounded promising. Having attended and reported the results of several meetings dedicated to previous discussions, it was a familiar subject.

This time, I hope RC & D can be interpreted to mean "Renewed Co-operation & Determination". And may public apathy give way to the public awareness and concern that is vital to the success of any community project.

MARY JO (Mrs. A. D.) PATTERSON might be glad to know that millinery departments in this area report "Dashing, smashing, bigger and bolder hats" are IN (or should it be ON?) this fall. Prices, said the ad, "begin at a modest \$35" which is downright immodest, according to my hat allowance.

Mary Jo and I were among the last of the Methodist Sunday-go-to-meeting hat wearers to relegate ours to mothballs. Now, if the moths haven't beat us to the draw, we'll be right back where we headed from.

Sinton is not very far from Corpus and I know that IDA (Mrs. Jack) SHARP lives there now. I hope that one of these days we can have a visit here or there or in between.

MILLIE (Mrs. O. A.) FLY (and the City Electric Dept. who help turn the crank) make the best homemade icecream there is -- or was -- for I had a generous taste of some while I was in Hondo recently.

Will flattery get me somewhere, Millie? I'm ready for seconds!

Through the local society columns, I can keep up with at least once Hondo acquaintance. She is CARRIE (Mrs. Virgil) BRILL, mother of SUSAN McGARITY.

I have not seen Mrs. Brill since the pleasant July 4th I spent with the family two years ago when I met her late mother and her aunt who were Texas' oldest twins at that time. I wrote their story and have many happy memories of the visit.

What I started out to say is that I read about the Texas-style cocktail buffet in her Hondo home which honored Corpus visitors who included her cousins, the CLAUDE DE VAN WATTS, Jrs.

JOHNNY, son of the ELMER FASELERS, will be five on Nov. 20. He told me, in all seriousness, that he never intends to go to school, or ever-ever to leave his mother.

"You see," he said, "my mama needs me to help her rake leaves and stuff like that because I'm not big enough to mow yet."

Johnny's Big Brother Roger is 12. Mrs. F told me that most of the family have November birthdays, including Johnny's grandmother, Mrs. John Faseler.

The world gets smaller all the time. Last week, I walked into the STAPLES-PADRE MALL Drug Store to have a prescription filled which had been written by Dr. W. S. DUTY.

When the young woman took it she said, "Hondo? The store owner and pharmacist is a Hondo man!" Imagine my delighted surprise when I met DALE and JEAN LINDEBURG. (Dale's parents are the HENRY LINDEBURGS.) We held Old Home week then and there.

A greeting came this week from ROSELYN (Mrs. Jake) SCHUEHLE. It was Rose who made a special trip to JAKE'S NURSERY on the Labor Day holiday to try to find a special plant for me.

That was real front-door service with a smile!

HPD no-billed by Jury

The Uvalde County Grand Jury has no-billed the Hondo Police Department in their investigation into the fatal shooting of Nelson Harold Corder of Castroville, last February 25, in an incident north of Sabinal.

Corder was pronounced dead on arrival at Uvalde Memorial Hospital, where he was taken after he was hit by a bullet fired by Hondo police.

Corder had been pursued by police all the way from Hondo, and had run a roadblock and forced several cars off the highway before being

The police said Corder had been hit with a strav shot aimed at the tires of his truck. No reason was apparent why Corder had not stopped when signalled to do so by police, and no evidence was uncovered that he might have been intoxicated. A search of the vehicle uncovered nothing out of the ordi-

Devine Christian Church

A new fellowship building has recently been built in Devine for the First Christian Church of that town.

The building, fronting on College Avenue, is 84 by 34 feet, air conditioned and centrally heated, with a sanctuary, kitchen, nursery and other facilities.

Chaplain Huffman, the Interim Minister, is retiring from the Air Force with the rank of Colonel, and was tentatively accepted the full time ministry of the church.

The theme of the 1972 annual meeting is "Change" and exhibits, displays, and pictures will provide visual evidence to the changes that have taken place in the Co-

Most changed Ford Division car for 1973 is the full-sized Ford. Shown here is the LTD four-

door hardtop. All-new sheet metal below the window line and a new segmented grille give the

1973 Ford a more formal look. All 1973 Fords have a new impact-absorbing bumper system,

although the overall length of the car is increased only about one inch. Power front disc

brakes, power steering, SelectShift Cruise-O-Matic transmission and a 351-2V eight-cylinder engine are standard in all new Fords.

Jake Schuehle is showing the new Fords

Bix approaches first anniversary

Stanley Craig has operated his furniture repair and refinishing shop in Castroville exactly one year as of

the first of September. During that year in Castroville, he has brought new life to old and used furniture by applying a triple layer finish made by the famous Bix Company.

Although he and his wife Velma make their home in Sabinal, Stanley drives daily to Castroville to open his shop. He was previously located in Lytle.

All refinishing work is done by hand with the exception of some sanding. which he does expertly using an electric sander.

For do-it-yourselfers, Craig's supply includes Bix staines, finishes, and strippers. He holds a franchise for Bix products which stretches over five counties.

Clemens Buffaloes

The Buffaloes of Samuel Clemens High School hold some bitter memories of the 1971 season, in which they finished 1-9 after winning the opener.

This year they hope to climb higher in the order with a rare combination of experience and youth.

Seven offensive and four defensive starters return out of 12 lettermen, including last year's sophomore quarterback Harry Mock. At 5'9", 155 pounds, Mock typifies a young team with speed and quickness where they lack size. Rounding out the backfield are tailback Kenneth Schulz, a 170pounder, and junior wingback Tommy Howard at 6°0", 175 pounds.

A defensive unit which shut out one opponent and held two other opponents to six points (they lost to Hondo by a close 14-8, also), returns with safety Mike

John Sweeney, a linebacker, adds more solidity to that defense.

The big improvement expected this year prompts Dave Campbell's "Texas Football" magazine to move Clemens up to eighth in a crowded district of twelve teams, including Cuero and Uvalde, along with last year's 27-AA champ Judson.

Their first game was a dandy 22-0 defeat of Del Valle. Last Friday, they lost to neighboring Randolph High School.

The Harmon Pro Forecast SUNDAY, SEPTEMBER 24

DALLAS34 NEW YORK GIANTS...13 It's said that a visiting team starts out 7 points behind in Yankee Stadium. However, the Cowboys will "rally" and beat the Giants.

In any pro football game, it's certain suicide to say that either team will definitely win. So . . . certain suicide: the Dolphins will beat the Oilers. PHILADELPHIA....24 CLEVELAND.....21 The Eagles had their expected difficulties last week, but so did Cleveland. If a few of the walking wounded can help, Philadelphia may come up with victory number one. The Raiders are coming off a real tough loss to the Steelers. Dan Devine's Packers could very well spring this upset if Oakland is still down.

MONDAY, SEPTEMBER 25 KANSAS CITY.... 23 NEW ORLEANS..... 17 This is a good Monday night special with the Chiefs out to determine first-hand just how much Archie Manning and the Saints have improved. It w on't be enough.

Gainey and Tom Harm.

B-team, Freshmen

It was a tough night for the Ow1 "B" Team and Freshmen at Barry Field last Thursday night.

Both teams lost their games to their counterparts from Uvalde. The "B" team point conversion late in the game as Uvalde led by a 14that margin at halftime, but the Owls battled back in the second half, and a 11-yard touchdown by Robert Rodriguez set up the do-or-die effort. The attempt failed, and the game ended soon after, Uvalde winning. Leslie Taylor had scored the first Owl touchdown on a 6-yard

The Freshman squad was not able to score in their 20-0 loss to the Coyote Frosh. They were held to a single first down, which came on a fourth period 37-yard pass play. That pass play also barely averted a minus offense yardage, bringing the total to 33 yards.

. . . for the goal line on a 95-yard run that began by outrunning Uvalde's Tommy Hicks (82), Kim Sobieski (15), and Gilbert Alejandro (45).

lose

lost a thriller by a single point, 14-13. The whole game boiled down to a two-7 score. Uvalde had led by

Cubs invite new scouts

tondo Anvil Herald, Thursday, Sept. 21, 1972, Pg 7

Cub Pack 219 is having its first pack meeting after the summer. The meeting will be held Monday, Sept. 25th, at 7:30 p. m. in the Parish Hall of St. John's Church.

The pack takes this oppor-

tunity to invite all boys who are interested in Cub Scouting and their parents to attend. Boys, aged 8 through 10, are eligible.

The meeting will be short with entertainment by the Cubs and refreshments.

YOUR HAPPY

HEADQUARTERS

Owls to meet light, quick Clemens

Friday night's ball game shapes up as one between two teams with identical records, at one win and one loss. opener against Del Valle, but lost to Randolph .

Clemens' Buffaloes will come to Hondo at less-thanbuffalo weight. They have a light team, but one that consistently weighs 160 to 170 pounds, reports Coach James Bohls.

"They run from I-formation, running options and counter-options out of the L They can also throw the ball, and Harry Mock likes to throw. " Bohls didn't mention it, but they have speed, too. What will Hondo throw out against them?

"Finger will start for us Friday night, " says Bohls, even though a healthy Jimmy Prescott will be on the sidelines for the first time this season.

Ligon will be at full speed again this week, also, the coaches add.

Kebo was reportedly not quite over some injuries from the Floresville game when the Owls met Uvalde, despite his 95-yard scoring run. Clemens is in District 14-AAA, the same district as Uvalde.

How about the Uvalde game, Bohls was asked. "I thought we played well

N.P. POPE AGENCY AUTO-FIRE CASUALTY-LIFE BONDS

202 Hondo National Bank Bldg. Dial 426-2222

Hondo, Texas

even with all the mistakes. Uvalde knew they'd been in a ball game.

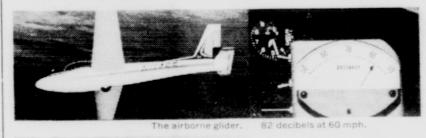

"We played hard, and the ame was closer than the score indicates. "

Bohls singled out the line play of the Owls as being ex-

The injury situation this week looks a little better than the last, with Prescott healthy and Ligon all the way bealed. Rios is running again, but he won't see action yet Friday. Mark Bue scher is still out with

. . . this photo was taken just before the explosion as Hondo's Pat Stein (68) moves in on Steve Stoy of the Coyotes. In background are Doug Helvey (80), 400 North Getty Street, Uvalde, Texas and Fred Bader (55). THE '73 FORDS ARE HERE.

3-2-1--BANG

At 60 mph a '73 Ford LTD rode quieter than an airborne glider.

On July 27, 1972, General Radio Co. tested a '73 LTD against an airborne glider. Both at 60 mph and with identical sound level meters. The result: the Ford was quieter. But the new LTD is more than just quiet. It is well made from its power front disc brakes, power steering and automatic transmission, standard equipment, to its luxurious, comfortable, roomy interior. There are 16 new Ford models to choose from and each will convince you that quiet is the sound of a well-made car.

A'73 Torino rode so smooth, a high wire artist kept balance on a road of 2x4's.

Chances are you won't try to balance yourself on top of your new Torino. But, when you're riding inside, you'll still appreciate Torino's refined suspensionbecause it helps to cushion bumps, absorb road vibrations and reduce body sway. You feel solidly in control while you ride in comfort and luxury. The solid mid-size Torino. Smooth riding, strong and quiet.

'73 Pinto: When you get back to basics, you get back to Ford. Ford, the company that built the first basic, solid, reliable car seventy years ago-

has built today's basic, solid reliable car: Pinto. It's become America's top selling economy car for more reasons than economy. Here are some of those reasons: A 1600 cc. engine developed and perfected in over 10 years of actual driving. Rackand-pinion steering. Solid welded body, electrocoated to fight corrosion. 4-speed transmission—lubed for life. Everything we've learned in seventy years of car making-all the basics-we build into every Pinto Wagon, Runabout and Sedan. When you get back to basics, you get back to Pinto.

There are 39 new models to choose from.

And every 1973 Ford, Thunderbird, Torino, Mustang, Maverick and Pinto-comes equipped with new energy-absorbing bumpers and steel guard rails in all side doors. Steel-belted radial ply tires and AM/FM stereo radios are options on all models. Test-drive these new Fords at your Ford Dealer's now.

All 1973 cars must meet Federal Emissions Standards before sale. See your Ford Dealer for details.

JAKE SCHUEHLE - Hondo, Texas

Economy Motors American in Hondo can show you a new 1973 Hornet. It won't be this all new Hatchback, but it is a fully loaded four-door

Hornet covered by American Motors' exclusive Buyer Protection Plan. Ask Economy Motors American in Hondo about it.

day, September 15-16, fell spottily around the Hondo area, with some farmers and ranchers north of D'Hanis receiving up to 4, 50 inches, and many others with nothing

The Taylor-Chapman rain service has compiled the following scoreboard to indicate the rainy areas:

Hondo. . 20 inch; F. Saathoff, . 60; J. &D. Finger, 1 in.; Al Hollmig, 1 in.; Rancho Chico, 1 in.; Clarence Wolff, 1, 10; Guido Richter,

Lynch, 2, 70; Hilly Mumme, 3.50; R. Finger, . 60; Robt. Rothe, 3 in.; Billy Rothe, 3 in.; Bonnard Rothe, 4.50; Calvin Bendele, 3,50.

A shower on Sunday, September 17, dropped another . 25 inch on Hondo, and . 60 on Marshall Fohn place.

No predictions this time from the Service. Spotty showers like these give a "20% chance" for rain real

It's 1973, and Chevrolet roofs are opening, seats are swiveling, bumpers are retracting, hatches are flipping up.

Did you ever have so much to talk about that you didn't know what to say first?

We're happy to report that's us for 1973. But since everything must begin somewhere . . .

You see that rectangle beaming at you from above? That's a moonroof. Not to be confused with a sunroof. (Although many people will undoubtedly be caught using it like one.) A power roof is available on Chevelle and Monte Carlo; a manual one on Nova.

Bumpers are exciting?

This year's are something to get

stirred up about. One of our new bumpers, for example, is built around twin hydraulic cylinders. So on minor impact, the whole system retracts to cushion the shock.

It's standard on all big Chevrolet, Chevelle and Monte Carlo

New Malibu Colonnade Hardtop Coupe

models. Nineteen different models to choose from.

(below) Monte Carlo S Coupe, America's newest road car. With the handling of the finest European cars, and the looks and comfort of an American car. (above) Caprice Coupe. Our new uppermost Chevrolet. Its luxury, comfort and quiet ride rival the most expensive cars you can buy.

New Nova Hatchback Coupe

Look what we hatched

You know us for our little Vega Hatchback. Now dependable Nova has one. Which literally makes it half trunk with the backseat down. It's a feature as practical as Nova

We've been thinking about your legs

One of the few things people asked us to improve in our popular Chevelle was leg room in the backseat. Well, your knees will be pleased with the '73s. There's almost 31/2 more inches in the sedans.

So what else is new

Naturally this is only a taste of what's new for '73.

Among other things, we're introducing larger gas tanks for longer cruising range, a new Exhaust Gas Recirculation system, a hatchback for wagons, and a highly refined flowthrough power ventilation system.

Plus a reading light for front seat passengers, improved suspension systems, engines that give you performance combined with gas economy, reclining seats and scores of dramatic styling changes.

We invite you to see it all at your Chevrolet dealer's.

Building a better way

to see the U.S.A.

Proposals which are incom-

corporate surety approved by the Owner and the Engineer, will be required for the faithful performance of the contract, and the bidder shall

state in the proposal the name and address of the surety or sureties who will sign this bond in case the contract is awarded to him.

The party to whom the contract is awarded will be required forthwith to execute the contract and a performance and payment bond within ten calendar days from the written notice of the award of the contract is mailed to the bidder at the address given by him. In case of failure to do so, the Owner may at his option consider that the bidder has abandoned the contract, in which case the certified check or bidder's bond accompanying the proposal shall become the property of the Owner.

The contract will be awarded on the lowest and best bid. The Owner reserves the right to reject any and all bids or to accept any bid. It is understood that the work to be done is being financed with a loan or grant or both from the FARMERS HOME ADMIN-ISTRATION, U.S. DEPART-MENT OF AGRICULTURE. Contractors' proposals shall hold firm for 90 days to allow the Owner to complete its financing arrangements. Mutually agreed upon extensions of time may be made, if necessary.

Before the award of the contract, any bidder may be required to furnish evidence satisfactory to the Owner and to the Engineer of the necessary facilities, ability and pecuniary resources to fulfill the conditions of the said con-

plete, unbalanced, conditional or obscure or which contain additions not called for, erasures, alterations or irregularities of any kind of which do not comply with the Notice and Instructions to Bidders may be rejected at the option of the Owner. A bidder may withdraw any proposal he has submitted at any time prior to the hour set for the closing of the bids provided the request for withdrawal is signed in a manner identical with the proposal being withdrawn. No withdrawal or modifications will be permitted after the hour designated for closing the

For the purpose of clarification it is understood that the work to be done is being financed in whole or in part by the means of a loan or grant made or insured by the United States of America acting through the Farmers Home Administration, of the Department of Agriculture. The Farmers Home Administration will, therefore, require approval by its representatives of all contracts, attachments, and similar documents, all partial and final payment estimates, and all change orders. Nondiscrimination in Employment Bidders on this work will be required to comply with the President's Executive Order No. 11246. The requirements for bidders and contractors under this order are explained in the specifications.

The plans and specifications may be obtained from the office of Frank T. Drought Consulting Engineer, 342 W. Woodlawn Avenue, San Antonio, Texas (Mailing Address: P.O. Box 12389, San Antonio Texas 78212). A de- the sum of \$7,800.00 to posit of \$50,00 will be required for the plans and specifications, \$50,00 of which will be refunded to those returning plans and specifications in good condition within ten days after the date of bid opening.

THIS THE 13th day of September, 1972.

Owls drop one to Uvalde, 20-7

There wasn't any rain last Friday night at Barry Field, but the ball was too slippery for both teams to hold. Before the game had ended, the ball was dropped, bobbled, juggled and bounced a total of 18 times to tarnish what should have been a brilliant

The game actually was much closer than the 20-7 Uvalde victory indicates.

Both teams were just too fired up by the contest. The Coyotes had a high statewide rating to protect, as did the Owls. To beat the Owls was not enough; Uvalde had to flatten them to remain No. 1. and the Owls had to avenge last year's 40-8 rout at the hands of the Coyotes.

But when play began, the dreams of high scoring and revenge alike were shattered by miscues. The team with the fewest fumbles and the leading rusher lost; but, the team with the balanced attack and most offensive yard-

Hondo won the toss, and Finger took the opening kickoff to the 33 of Hondo. But

"FUNDS RECEIVED BY THE 10th

the initial drive was stopped, and McAnelly punted for 22 yards, thanks to a fortunate bounce on a hurried kick.

Uvalde quarterback Lynn Leonard decided to start the long yardage machine rolling right away, and passed for 31 yards to Steve Stoy, who quickly dropped the ball. The Owls were there, and Hondo took over. That play set the pattern for the long evening.

This time, as before, the Owls couldn't get anything going, and once again Mc-Anelly was called in for the

Uvalde backed up two first downs on good runs by Stoy and Lara, but Leonard once again gave Hondo another chance at the Owl 30yard line as he fumbled. Hondo obliged, and started over again.

After a 2-yard gain by Braden, Quarterback Brian Finger decided to throw long to Ray Garcia, but the pass was incomplete. Another 6-yard gain by Braden brought a 4th and 2 situation. Mc-Anelly was to punt again but a 15-yard penalty advanced the ball to the Uvalde 45 and a new Hondo 1st

Finger now had the same problems as his Coyote counterpart, and he fumbled the ball away midway through this series of downs, and once again the ball belonged to Uvalde.

Uvalde failed to move as Buescher and Saathoff held Lara to no gain and Helvey stopped Stoy with four yards. On third down, Oefinger almost had an interception, and Uvalde had to punt,

A clipping penalty on the runback put Hondo in business on its own 10-yard line, and a stiff Coyote defense once again forced the Mc-Anelly punt.

When the Coyotes took over. Stoy once again fumbled

and recovered his own bobble, and Leonard uncorked a pass to Lara, who Mechler stopped at the Hondo 7.

Lara scored two plays later, and Uvalde led 6-0 with sixteen seconds left in the opening quarter. The pointafter was no good.

After the kickoff, Ligon fumbled a third and 9 play. and Gilbert Charles of Uvalde was waiting for the ball, at the Hondo 30.

Five plays later, Leonard did the honors himself from 10 yards out, and it was Uvalde 12-Hondo 0 with 10:40 left in the half. Again, the PAT went awry.

Things then went from bad to worse for the Owls. After a fifteen-yard gain by Ligon to the Hondo 40-yard line. Hondo was stifled at the 47, and McAnelly once again went back to punt. This time, Kebo was among the first to learn that he was too close in front of Gene, and the ball caromed off his backside. Coyote Randy Gerdes scooped up the ball and headed for paydirt, McAnelly quickly recovered his wits and headed off Gerdes near the Owl 4-yard line to prevent the

And the score was prevented, too. With second and goal from the Owl 3, Doug Helvey and Juan Campos jumped on yet another loose ball and Hondo was in business again. With Hackebeil gaining a first down and Ligon almost reaching a second on a good run, the Owls appeared to be moving, but offside penalty stopped the drive and once again McAnelly punted. After a high snap, the kick was partially blocked, and Uvalde took over on the Hondo 42.

The Coyotes were stymied and punted down to the Hon-

Hondo once again couldn't move, and this time Mc-Anelly made up for past erros with a 63-yard boot.

The punt was quickly bbed out by a 63-yard Coyote pass play to Ruben Alcorta, to make it first and goal on the Owl 10 for the Coyotes. The Owls held their ground, and Uvalde's own clipping penalty took the threat away. An unsuccessful field goal try ended the half at 12-0.

After the intermission, both teams returned bent on correcting their earlier mis-

MR. ALCORTA, I PRESUME?

. . . Ray Garcia will introduce himself shortly. and Uvalde took over.

old, was full of holes, Alcorta ran long and found a clearning, but dropped a Leonard aerial. Two plays later, a fumbled snap gave Hondo the ball at Uvalde's

Hondo tried their hand at offense once again, and were given new life as a roughingthe-kicker penalty wiped out a McAnelly punt. The free first down quickly turned to fourth and 10 at the Uvalde 35, but this time the Owls were not going to kick the ball away. Trapped and forced to scramble, Finger unloaded a desperation pass into the end zone. Waiting there was Ray Garcia, but

the ball fell to the ground,

The third quarter soon ran out, and the first play of the fourth quarter saw Leonard reach Lara on a 67-yard scoring pass, followed by a successful point-after pass to Alcorta, bringing Uvalde's

scoring 20-0. Hondo punted once again after three tries at moving, and Uvalde also was held. A clipping penalty and a good rush by Gregg Buescher and Tony Hackebeil which threw Leonard for a 9-yard loss set up a 4th and 18 situation. Sobieski's punt was thwarted as Mike Saathoff recovered the ball on Uvalde's 31-yard

Hondo faced an identical 4th and 18 in its next possession, but the ball went over to Uvalde after a Hondo penalty on fourth down.

12 13

Uvalde, shortly after, punted to the goal line, where Finger caught the ball and moved out to the 5.

From that point, Hondo's only moment of glory happened.

Keith Ligon, moving over tackle, just kept running, faking and shifting, then outracing the last defender on a 95-yard touchdown ramble. The kick was good, and the score was 20-7.

With seconds left in the game, Uvalde was forced once again to kick to the Owls. This time, Ligon and McAnelly moved down to the Coyote 44, but a Finger pass was picked off on the Uvalde 20-yard line with only 26 seconds left in the game. Thus the whole, hard-luck affair was over, and the Owls suffered their first defeat of

erage at 1-1.

Longhorns by 26, Harmon says Our first ratings of the Top "roof" caves in very shortly !)

Twenty for the 1972 season are somewhat different than we thought they'd be . . . most of the names are the same, just juggled around a bit. Didn't quite think we would see Oklahoma at the top of the heap, at least not this early in the season. Nor would we have figured Southem Cal and Tennessee to be so high so soon. That's football!

All the returns are finally in from the games of the September 9th weekend, and everything came up roses. Of 134 games, we had 110 winners, just 22 losers, and there were two ties. So . . . a fat . 833 forecasting average starts off 1972. (The

game came on a pass from

Cowboys edge Lytle

Oklahoma goes after win number two, meeting Oregon in Norman. The Ducks may wish they'd stayed in bed . . . the Sooners are favored by 36 points. On the re-bound after los-

ing its opener to U.C.L.A., Nebraska will meet the Cadets of Army at West Point. The 9th-rated Cornhuskers will probably give the Cadets a long afternoon . . . Nebraska to win by 34 points.

Top game of the day? Fifth-ranked Michigan plays 8th-rated U.C.L.A. If the Wolverines plan to redeem themselves for their Rose Bowl loss, this is the game. And if the Bruins are going to prove that their upset of Nebraska was not a fluke. this is also the game! So. with an extra-long peek at the crystal ball, we'll pick Michigan to win the big one by 11 points,

Texas and Notre Dame are both missing from the ratings of the Top 20 simply because they haven't played a ball game. The Longhorns will open their season with a 26-point win over Miami. and the Irish will just nudge Northwestern by 2 points.

Next, the Buffalo tramples the Gopher: 6th-ranked Colorado will muss up Minnesota by 25, and L. S. U., rated 7th, will beat Texas A&M by 22. Alabama will give Kentucky all kinds of trouble, whipping the Wildcats by 26 points.

Natalia and Chacon Lake news

By Mrs. I. W. Thompson

Mrs. C. V. Kerr, assisted by Mesdames A. L. Simmons, Lee Estep, Charlie F. Brown and Mrs. A. M. Mosley, honored Mr. and Mrs. Iven W. Thompson on their 47th wedding anniversary with a social and two tables of 42 at the Kerr home Friday night, Sept. 8. Mr. Simmons, Estep Brown Mosley and Mr. Kerr also joined in the celebration. Refreshments of cake and homemade ice cream were served. The hostesses presented the honorees with an electric bun

Mr. Vird C. Wilder, who was a patient in the Baptist Memorial Hospital for tests and treatment, was released and he is now with relatives in San Antonio. He will celebrate his 87th birthday September 19

Rattlesnakes seem to be on the move in the Chacon Lake area. Melton McMillan killed one last week in the road just off FM 463 near the Hector Hernandez farm home. Danny Harper saw four and killed one in the same area

Thompson killed one in his back yard Friday moming while mowing his lawn.

The Melton McMillans had as their guest Sunday afternoon, Mr. Henry Hessenbuel, from San Antonio.

Relatives and friends com-

ing to attend the funeral of Mr. E. H. Whittington on Tuesday, Sept. 5, included Rev. and Mrs. Bobby Shelton of Beaumont, Mrs. Shirley Tuttle of San Marcos, Dr. and Mrs. Tom Reagan, Port Arthur, Mr. and Mrs. Polk Shelton, Belton, and Harold Hurry of Austin. Arthur Bradshaw, Ballinger, Mr. and Mrs. Harvey Bradshaw, New Braunfels, James Bradshaw, Miami. Florida and Mrs. Sara Stuart of Burnet also at-

Mr. and Mrs. L. F. Sultenfuss accompanied their daughter. Cynthia, to Denton Tuesday, Aug. 29, where she is a student at the Texas Women's University and they accompanied their daughter, Sherry, to Arlington Saturday and she will be a student at Bauder Fashion University.

Cynthia joined them for the trip to Arlington.

Mr. and Mrs. John Valdez honored their son, Ruben, on his first birthday Sunday with a social at the home of Mrs. Valdez' parents, Mr. and Mrs. Luciano Pena. A pinata was enjoyed and refreshments of sandwiches, chips, dips, birthday cake and punch were served to the 60 guests.

The Willie Rodriquezes, Laura and Jeffrey, San Antonio, came out Sunday for the day with her parents, Mr. and Mrs. M. R. Saldana.

Mr. Isaarel Juarez, Fort Worth, came Saturday for the night with his parents, Mr. and Mrs. Panfilo Juarez, who accompanied him home on Sunday for a two-week's visit.

Mrs. R. W. Crawford returned home Saturday afternoon after a three week's trip dividing time with her daughters and families, Sgt. and Mrs. Leonard Swan and Allen in Marshall, and Mr. and Mrs. Edward G. Wheeler in Cleveland, Texas, The Roy A. Turners, San Antonio, who visited relatives in Cleveland during the weekend, accompanied Mrs. Crawford home.

Mrs. James A. Traylor and Mrs. Ruben Juarez complimented Mrs. Gladden Fleming of San Antonio with a pink and blue shower at the Traylor home Sunday afternoon. Cake and punch were served to the 35 guests from San Antonio and Nata-

Mr. and Mrs. Rudy Lorand Mr. C. Patrick Gray on their birthdays with a social at the Lorraine home Friday evening. Guests were the tricia and Charles, Mr. and ny, Eddie and Mark, Mrs. Mrs. Bill Lorraine from San Marcos.

Mr. and Mrs. Douglas

Mrs. B. J. Robbins returned home Friday after having been away from home since April 24th convalescing from a broken hip and dividing time at the Castroville Hospital, the Purple Hills Nursing Home in Bandera and at the home of her son and family, the Telvy Robbinses, Bandera, and the past three weeks with her daughter and family, the Richard L. Heisers in Killeen. Mrs. G. M. Amold from San Antonio is staying with Mrs.

Mrs. Newton Lee and Mrs. Lee Estep went to San Antonio Tuesday for the day with Mrs. Lee's parents, Mr. and Mrs. Curtis. While there, Mrs. Estep called Mrs. Mary Barber and she er Hale of Denton, had been provement, Mrs. Barber had just returned home from Denton. She is a former resident of the Natalia area.

raine honored their son, Brett, honorees and Mrs. Gray, Pa-Mrs. Alvin J. J. Gray, John-Adeline Nelson and Mr. and

Caldwell and the Iven W. Thompsons attended the barbecue dinner Sunday at the ranch home of Mr. and Mrs. Charlie Rilling near Moore given in honor of their son, Dr. Jerry Meeks, of San Antonio. The Thompsons journeyed on to Pearsall in the afternoon to visit the A. A. Neals, who are both not feeling well.

Mrs. Sara Stuart left for her home at Burnet Wednesday after having visited her mother for the past 12 days.

Robbins at this time.

informed Mrs. Estep that her daugher-in-law, Mrs. Walkquite ill but was showing imCenter News

Brown's Nursing

Mrs. Louis Cuellar of California visited her sister, Mrs. Yrene Bernal, Monday.

Mrs. Lou Ann Evans, Linda, Agnes and Betty visited with her mother and grandmother Sunday, Mrs, Emma

his mother, Mrs. Clara Neu-Susan Wilkins of Devine visited Mrs. Emma Love.

Elmer W. Neuman visited

Martinez sent to Germany

Army Private First Class Tony R. Martinez, 22, son of Mr. and Mrs. Ramon D. Martinez, 608 15th St., Hondo, recently was assigned to the U.S. Army Materiel Command, Europe in Germa-

Pfc. Martinez, an account ing specialist with the 63rd Finance Section, entered the Army in January of this year, completed basic training at Ft. Polk. La., and was last stationed at Ft. Benjamin Harrison, Ind.

He is a 1970 graduate of Hondo High School, and attended Southwest Texas Junior College, Uvalde.

His wife, Elvira, lives in Castroville.

Social Security QUESTIONS AND ANSWERS

QUESTION: If I become disabled, will my payments start immediately?

ANSWER: No. Social Security provides for a six-month waiting period. Payment to you would begin effective the seventh month. QUESTION: Are there any exceptions to the six-month

waiting period?

ANSWER: Yes. If you have

received social security disability payments in the last 5 years and you are entitled once more you do not have to wait six months. QUESTION: If I must wait six months when should I apply? ANSWER: It is important to apply soon after disability starts in order to give social security time to contact your doctors and process your claim.
